Dear Mst Sanjida Alam,
Thank you for applying to the 2025 GSAG Travel Award! We appreciate you sharing your unique research statements and personal narratives. This year, we received over 150 applications, and **we are pleased to share that you are one of five recipients of the 2026 GSAG Research and Support Award! Congratulations!**

The award is in the amount of $250 USD. We are particularly impressed by your ability to articulate your research and the ways in which participation in AAG may benefit you and the graduate community. If you choose to accept this award, please complete this form by **Friday, February 27th** at 5pm CST to ensure the award is processed in a timely manner. Additionally, we would like to highlight our award winners on our social media and during our annual Business Meeting. If you are comfortable doing so, please reply with a **headshot** (as casual or formal as you would like) and any biographical remarks or acknowledgements you would like to accompany your image.

Thank you again for your continued involvement and support for AAG's Graduate Student Affinity Group. We appreciate the time and energy you took to apply for this year's award cycle. We encourage you to keep up with GSAG through our Twitter/X (@gsag_aag) and Facebook. We would also like to invite you to contribute your experience by joining next year's awards committee or nominating yourself for a board position. Our elections will be announced at our online business meeting the week after the annual meeting. Thank you for your participation in our community and congratulations once again on your award.

With appreciation,
The GSAG Board

Dear GSAG Board,

Thank you very much for this wonderful news. I am honored to be selected as one of the recipients of the 2026 GSAG Research and Support Award. I am grateful for your recognition and for the opportunity to participate more fully in the AAG community.
I am pleased to accept the award, and I have already completed the form. I am also attaching my headshot and a short biographical note for use on GSAG social media and during the business meeting.

Biographical Note:

"Mst Sanjida Alam is a graduate student in Geographic Information Science at Clark University. Her research focuses on wildfire dynamics, forest disturbances, and land-use and land-cover change, using remote sensing

and geospatial modeling to understand climate-driven environmental change. She has presented her work at regional and national conferences and is committed to advancing applied GIScience to support resilience and informed decision-making in vulnerable landscapes."

Thank you again for this meaningful recognition and for your continued support of graduate students. I look forward to staying engaged with GSAG and contributing to the community.

Warm regards,
Mst Sanjida Alam
